IMPORTANT WARRANTY INFORMATION

Regarding Television Format Viewing

This television is capable of displaying HDTV (High Definition Television) format programs. For optimum viewing quality, it is recommended that this television be used to receive and display HDTV format programs. For more information about HDTV, please contact your local HDTV retailer, HDTV dealer, or network affiliate."
If you find that the color on your Samsung television's screen is not correct or black and white, first run a Self Test:

1. Press the Menu button on your remote. Then use the Up and Down buttons to highlight Setup, then press Enter.
2. Use the Left and Right buttons to highlight Diagnostics, then press Enter.
3. Use the Left and Right buttons to highlight Picture Test, then press Enter.

This will display the test patterns on your screen. Follow the directions on the screen to adjust the picture settings.

If the problem persists, you may need to perform a factory reset:

1. Press the Menu button on your remote. Then use the Up and Down buttons to highlight Setup, then press Enter.
2. Use the Left and Right buttons to highlight Initial Setup, then press Enter.
3. Use the Left and Right buttons to highlight Reset to Factory Settings, then press Enter.
4. Use the Up and Down buttons to highlight Yes, then press Enter.

This will reset all of the settings on your television to their default values.

If the problem still persists, please contact Samsung customer service for further assistance.

Setup

- If your television is located in an area with poor signal reception, you may need to adjust the channel settings.
- If you are experiencing problems with picture quality, try running a diagnostics test.
- If you are having difficulties with audio, check the connections for any sign of fatigue or failure.
- If you have any questions or concerns, please contact Samsung customer service for further assistance.

Troubleshooting

- If you find that the color on your Samsung television's screen is not correct or black and white, first run a Self Test:

1. Press the Menu button on your remote. Then use the Up and Down buttons to highlight Setup, then press Enter.
2. Use the Left and Right buttons to highlight Diagnostics, then press Enter.
3. Use the Left and Right buttons to highlight Picture Test, then press Enter.

This will display the test patterns on your screen. Follow the directions on the screen to adjust the picture settings.

If the problem persists, you may need to perform a factory reset:

1. Press the Menu button on your remote. Then use the Up and Down buttons to highlight Setup, then press Enter.
2. Use the Left and Right buttons to highlight Initial Setup, then press Enter.
3. Use the Left and Right buttons to highlight Reset to Factory Settings, then press Enter.
4. Use the Up and Down buttons to highlight Yes, then press Enter.

This will reset all of the settings on your television to their default values.

If the problem still persists, please contact Samsung customer service for further assistance.

Specifications

- Model Name: UN32J4000/UN32J400D UN32J5003
- Dimensions (W x H x D): 29.5 x 1.8 x 19.6 inches (75 x 4.6 x 49.8 cm)
- Weight: 12 pounds (5.4 kg)
- Display:
  - Screen Size: 32 inches (81 cm)
  - Resolution: 1366 x 768 pixels
  - Aspect Ratio: 16:9
  - Brightness: 250 nits
  - Contrast Ratio: 1000:1
- Inputs:
  - HDMI: 2 inputs
  - USB: 1 input
  - CVBS: 1 input
  - Audio: 2 inputs
- Cables:
  - Component Video: 1 cable
  - Composite Video: 1 cable
  - USB cable: 1 cable
- Power:
  - Voltage: 120V AC, 60Hz
  - Power Consumption: 150 watts
  - Standby Power: 0.5 watts
- Speaker:
  - Built-in stereo speakers
  - Total Power: 10 watts
- Connectivity:
  - Wi-Fi Direct: 1 port
  - Miracast: 1 port
  - SmartThings: 1 port
- Features:
  - Smart TV
  - Samsung Apps
  - Samsung Plus
  - PIP/POP
  - Picture-in-Picture
  - Subtitle
  - Closed Caption
  - Motion Adaptive Frame Rate
  - Energy Saver
