Connecting a USB Device

1. Turn off your TV.
2. Connect your USB storage device to the USB port on the side of your TV.
3. Turn on your TV.
4. Press the Media button on your remote control.
5. Select USB Media and then press ENTER.
6. Select the file you want to play and press ENTER.

Using the Media Play Menu

1. Select Media Play in the Home Screen, then select USB Media.
2. Press the ► button to search for your USB storage device.
3. Once your device is found, select it and press ENTER.
4. Select the file you want to play and press ENTER.

Auto Protection Tones

This feature is only available on digital channels and will automatically turn on when a change in programming occurs. It helps protect your hearing by alerting you when the volume level is too high. You can turn this feature on or off in the Home Screen.

Troubleshooting

If you are experiencing a problem with your TV, please refer to the troubleshooting guide located at the end of this manual. If you cannot find the information you need, please contact your local Samsung retailer or call our customer service hotline.
