About your phone

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.
About your phone

- Rear camera
- Flash
- USB/Charger port
Setting up your phone

Your phone already has a SIM card installed.

Step 1. Remove the back cover
Hold the phone securely. Locate the cover release slot and carefully remove the cover.
**Optional:** Insert the microSD card  
If you have a microSD card, slide the microSD card into the microSD card slot with the gold contacts facing down.

---

**Step 2. Insert the battery**  
Insert the battery, making sure the gold contacts line up. Press down gently to secure.
Step 3. Replace the back cover
Place the cover over the back of the phone, and then press down along the edges to secure.
Setting up your phone

Step 4. Charge your phone
Before turning on your phone, charge it fully.

Insert the small end of the USB cable into the USB/Charger port. Insert the larger end into the charger and plug it into an outlet.

WARNING: Use only charging devices and batteries that are approved by Samsung. Samsung accessories are designed for your device to maximize battery life. Using other accessories may void your warranty and may cause damage.
Using your phone

Turning your phone on/off
To turn your phone on, press and hold the Power/Lock button.

Press and hold the Power/Lock button again to turn it off.

Locking/unlocking the screen
To turn on your screen, press the Power/Lock button. Then swipe up on the screen to unlock it.

To turn off your screen and prevent accidental key presses, press the Power/Lock button.

**Home screen mode**

You can select one of the two modes: Easy and Standard. Instructions in this guide are written for Standard mode.

Standard mode is for users who are familiar with Android.

Easy mode is a simplified experience for the first-time smartphone user.

1.  
   - From the Home screen, tap **Apps > Settings > Easy mode**.

2.  
   - Choose the mode you want to use and tap **Done**.

Additional information

Your wireless device and third-party services
Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing aid compatibility information
This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.
