Getting to know your Galaxy Sol

Unlocking your phone
1. Press the Power/Lock key on the side of the phone.
2. Swipe the screen.

Touch screen
Navigating your phone
• Use your finger to lightly touch the screen.
• Use quick flits of your finger on the touchscreen to swipe up, down, left, and right.
• To return to the previous screen, tap the Back key.
• Press the Home key of any time to return to the main home screen.
• Press and hold the Home key to open Google Now.
• Tap Apps to access applications on your phone.
• Tap the Recent key to view recent apps.

Notifications panel
The Notifications panel provides quick access to alerts including new messages, emails and other apps.
• Touch the Notifications bar and drag your finger down to see the number of new messages, emails and other apps.
• Touch the Notifications bar and pinch your fingers together to enable and disable notifications.
• To expand a notification, tap the notification to reveal additional options.
• Swipe right to clear individual notifications or tap CLEAR ALL to clear all.

Creating a folder
• You can create a folder on a home screen, simply touch and drag one app on top of another and then tap Enter folder name to add a name. Tap Done on the keyboard, tap the Home key to complete the folder setup.
