Create an AR Emoji

1. From the Home screen, tap Camera > AR Emoji > Create My Emoji.
2. Tap your photo and customize and save your emoji.

Personalize messages with an emoji

1. Tap Messages > New message > Enter message field.
2. Tap Stickers to add a GIF or your very own emoji or sticker, and then tap Send.

Recent apps

Enjoy the new full-screen view of recent apps.

1. Tap Recents to view a list of recently opened apps.
2. Tap an app icon to view options.
3. Swipe up to close.
4. Swipe down to open.

Performance

Bixby Routines

Create custom routines that change your phone’s settings based on your location or activity. For example, while driving you can create a routine to automatically read notifications aloud.

1. Open the Settings app and tap Advanced features > Routines.
2. Touch and drag — to access all Quick Settings options.
3. Tap Routines. Then touch and hold to set up.

Wireless PowerShare

Wirelessly charge compatible devices right from your phone.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag — to access all Quick Settings options.
3. Tap Wireless PowerShare. Then touch and hold on the device on the back of the phone to charge.

Features

• Dual Pixel: Focus in a blink.
• Dual Aperture: Adjust to bright light and super low light automatically.
• Ultra wide: Capture more of the scene.
• High dynamic range (HDR): Film recording. Ensure highlights are bright, while keeping dark colors deep.
• Scene optimizer: Recognize and optimize scenes and colors for brilliant photos.
• Artistic Live Focus: Blur the background of a photo to make the subject stand out.
• Zoom: Get a closer view of faraway subjects.
• Hyperlapse: Create a smooth shot while recording a time-lapse video.
• Super slow-mo: Capture motion at 250 frames per second.
• Slow motion: Capture motion at 250 frames per second.
