Create an AR Emoji

1. From the Home screen, tap camera > AR Emoji > Create My Emoji.
2. Tap to capture your photo and customize and save your emoji.

Personalize messages with an emoji

1. Tap Messages > New message > Enter message field.
2. Tap Stickers to add a GIF or your very own emoji or sticker, and then tap Send.

Wireless PowerShare

Wirelessly charge compatible devices right from your phone.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag to access all Quick Settings options.
4. With the phone face down, place the device on the back of the phone to charge.

Performance

Bixby Routines

Create custom routines that change your phone settings based on your location or activity. For example, while driving you can create a routine to automatically read notifications aloud.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag to access all Quick Settings options.
3. Tap Bixby Routines. Then touch and hold to set up.

Wireless PowerShare

Wirelessly charge compatible devices right from your phone.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag to access all Quick Settings options.
4. With the phone face down, place the device on the back of the phone to charge.

Bixby Vision

Identify objects and locations.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag to access all Quick Settings options.
3. Tap Bixby Vision.
4. Swipe left or right to select effects.
