Set up your device

Install an optional microSD card
1. Use the tray removal tool to open the microSD™ card tray.
2. Insert the microSD card (sold separately) into the tray with the gold contacts facing down, as shown.

Charge the battery
Before turning on your device charge it fully with the provided charger.

Remove the S Pen, and tap Settings > Air actions to set the S Pen remote features.

Bixby
Set reminders, see upcoming appointments, photos, tomorrow’s weather and more.
To launch Bixby, from the home screen swipe right and follow the prompts to set up.
Visit samsung.com/us/support/owners/app/Bixby for more information.

Learn more
Use the Help feature to access the user manual and other information on how to use your device, including:
- Downloading apps
- Managing contacts
- Downloading apps created for Galaxy devices
- Connecting and controlling smart devices
- Configuring accessibility settings
- To open the Help feature, from the Home screen, swipe up and tap Settings > Help.

SPen button
Press and hold the S Pen button to open an app remotely.
A single or double press can open an app, capture a photo, navigate, scroll and more.

Air command
To launch Air Command, tap the screen with the tip of the S Pen and then tap:
- Create note: Create short notes.
- View all notes: Displays notes.
- Smart select: Instantly outline and crop anything on the screen and freely edit or share with others.
- Screen write: Capture a screen image and write or draw on it.
- Live messages: Create a short animated message.
- AR Doodle: Draw and write on photos.
- Translate: Hover the S Pen over a word to view its definition and pronunciation.
- Penup: Draw, color, edit, and share live drawings.
- Add shortcuts: Select an app or function to open or turn on using Air command.

S Pen
The S Pen™ enables fast, accurate, and precise input while providing a natural writing experience. Write and draw directly into emails or the calendar, as well as Word, Excel, PowerPoint, and PDF documents.
